

TURKEY SEMINAR

Monday 19 April 2010

Hilton Istanbul - Istanbul, Turkey

**In association with OFI Turkey and the
CME Group Commodity Risk Management Course**

The main objective of this seminar is to provide practical information relating to the trade of oilseeds and oils and fats on FOSFA terms.

Delegates will be given an insight into the role of the Federation, trading terms, arbitration procedures and an update on technical issues before FOSFA. Detailed topics will include -

Carriage of Oils and Fats

Developments in Sampling and Superintending

Analysis and Laboratory Services

The programme and speaker details are attached.

To register for this seminar, please complete the form overleaf.
