

SEMINAR

16-17 February 2010
Durban, South Africa

The objectives of this seminar are to provide practical and procedural information relating to oilseeds, oils and fats traded on FOSFA terms.

The topics selected for the programme will include the Carriage of Oils and Fats, Sampling, Superintending, Analysis and Laboratory Services.

Delegates will also be given an insight into the role of the Federation, FOSFA Contracts and Arbitration procedures, current trade issues and an update on technical issues before FOSFA.

Venue, programme, registration and speaker details are also available on the FOSFA website (under the Events Section).
