FOSFA INTERNATIONAL MANUAL AMENDMENT SERVICE – SERIES 3H

Optional Clauses EU1 and EU2 have been revised to highlight that in context of shipment of bulk oil deliveries into the European Union that the new coating or recoating provisions and separately the passivation provision do not apply as set out in the FOSFA Qualification and Operation procedures for ships engaged in the Carriage of Oils and Fats in Bulk for Edible and Oleo-chemical Use.

The Clauses, as revised, are set out in the attached Optional and Special Clauses page. For those maintaining a FOSFA Manual or equivalent file this should be placed in the B Section of the publication headed 'B Optional Clauses'. An updated record of change document is also attached.

The Clauses come into effect from 1 September 2019.

The website will be updated in this respect as at 1 September 2019.

Yours sincerely

S R Logan
Chief Executive
