FOSFA INTERNATIONAL MANUAL AMENDMENT SERVICE – SERIES 3F

We enclose a set of revised, amended and modified Rules of Arbitration and Appeal, Rules of Arbitration for Brokerage Commission and Interest, Small Claims Single Tier Rules of Arbitration, Guide to Arbitrations and Appeals and the Code of Practice for Arbitrators – effectively Section D and E of the Manual for those that maintain a working hard copy.

The changes applied are quite extensive and will need to be studied. The FOSFA Circular dated 28 February 2018 (to all members) sets out the principle changes to these documents.

These publications are dated and take effect from 1 April 2018.

The new Rules, Guide and Code of Practice should be inserted into the Manual and the current versions archived for future reference as they may still be relevant for current and/or forward shipment transactions/disputes.
